## GOOD ROADS FEVER IS CONTAGIOUS.

It is Rapidly Spreading Through-  
out The Length and Breadth  
Of Florida.

### ALL RADIATE FROM DAYTONA.

Never before in the history of Florida  
has there been so wide-spread interest  
and so genuine a clamor for good roads  
in Florida. Daytonians may well feel  
cheery over the agitation. She may take  
credit for the movement for better roads  
for this city was the pioneer in the good  
roads movement. The most charming  
speedways in all Florida are to be found  
radiating from this city and other Flor-  
ida cities have taken cognizance of this  
fact and on all sides are expressing a  
wish to reach out and connect with Day-  
tona's outstretched arms.

The subjoined clipping from the  
Times-Union of January 15th was sent  
the Daily News by John Anderson,  
manager of the Hotel Alcazar, St. Au-  
gustine, who is a good roads enthusiast,  
and the credit for the good roads in Vol-  
usia county is due in no small degree  
to Mr. Anderson's untiring efforts in that  
direction:

"Volusia is a better roadmaker than  
either Duval or St. Johns and she is not  
hiding her light under a bushel. The ad-  
vance to automobilists to ship their cars  
to Deland and drive through Volusia to  
Daytona is worth the cost of a big ad-  
vertisement already; if the route holds  
good for five years it will plant a line of  
settlers along the backbone of the coun-  
try and divert a lot of capital to that  
section. This bit of experience already  
proves that a good road is a good in-  
vestment."

The West Palm Beach Tropical Sun  
has a long article on the importance of a  
hard surfaced road from Jacksonville to  
Miami via St. Augustine, Daytona, New  
Smyrna, Titusville, etc. Among other  
things the Sun said:

"The good roads question in Florida  
is being thoroughly agitated, and there  
will evidently be no halt until the road  
from Miami to Jacksonville is com-  
pleted. In St. Johns county an active  
interest is now created toward the com-  
pletion of the highway from St. Augus-  
tine to Jacksonville. The members of  
the Board of County Commissioners of  
St. Johns county, together with a party  
of good roads advocates, made the trip  
from Jacksonville to St. Augustine on  
Saturday. Arriving at the Hotel Alca-  
zar in the latter city shortly after 5  
o'clock.

"The party were very enthusiastic  
over the trip, and fully determined that  
this stretch of highway must and will  
receive immediate attention, and it is  
quite evident that a hard-road highway  
will be completed between these two  
important cities at an early date."

In an article on good roads the Ocala  
Banner among many other things says:  
"The best suggestion that we have  
heard was recently made by James L.  
Knight. He said that if an automobile  
road was built direct from Ocala to  
Daytona we would have the tourists  
here by the hundred every winter, and  
we believe that he is correct. The drive  
could be made in three hours. The at-  
tractions in this section are not sur-  
passed by any in the State. The fare  
of the country is so entirely different  
from that along the seashore; our com-  
paratively high hills and beautiful ham-  
mock woods would be quite fetching.  
Silver Springs, Lake Weir, Orange Lake,  
and our phosphate mining would all  
prove good drawing cards. With this

## MAYOR RACE WILL BE PYROTECHNICAL

Melodrama At The City Hall Last  
Night Worth The Price of  
Admission.

### WARM COLLARS, WARMER COMING

The dramatic personae in the pre-  
lection caucus last night at the City  
Hall were slow in gathering, but when  
they finally got in action they made up  
for lost time. The orchestra was very  
late in appearing, but were roundly ap-  
plauded, and their initial number for  
the evening "blew off" at a most oppor-  
tune moment of the proceedings.

Dr. G. A. Klock rapped the gavel for  
silence about 8:30, and upon motion of  
F. W. Pope, Dr. Klock was made per-  
manent chairman. Chairman stated  
that the object of the call was to try to  
decide upon a set of representative citi-  
zens to fill the vacancies in city offices  
at expiration of the municipal year,  
which is February. Upon motion, the  
nominations for Mayor were called. Fred  
Stillman was first on his feet, and put  
in nomination D. F. Randolph; Henry  
Schmidt nominated F. W. Pope, and  
Ernest Mills placed the name of former  
Mayor, E. W. Greene before the meeting.

Chairman Klock was about to proceed  
with the distribution of ballots, when  
Wm. Jackson arose, and suggested that  
the nominees be given an opportunity  
to erect their platforms in the public  
presence so that all might the better de-  
cide where he wanted to stand. The  
Jackson suggestion met with unanimous  
approval and the Mayoralty spigot was  
pulled out, and speech-making was on.  
Mr. Randolph stated that he was for  
making Daytona bigger and more pros-  
perous, for supplying better entertain-  
ment for the visitors, and more to this  
effect.

Ex-Mayor Green hardly thought it in-  
cumbent upon him to do any speech-  
making, his views were pretty well  
known, his record as Mayor was an open  
book and he would make no radical  
change in his policies. He said he had  
made mistakes and been censured, and  
would likely make other mistakes and  
receive more censure if elected. He  
pledged a conservative administration.

Attorney Pope began by saying he  
likewise believed in being conservative,  
but he didn't believe in a conservatism  
that fell short of a strict adherence to  
the code. He thinks the ordinances  
ought to be revised and codified. As  
they are they will not stand the test  
of the courts. He said there was hardly  
an ordinance in the "blue book" that  
would "hold water." Attorney Pope is  
a strong advocate for change in form  
of government; advocates government by  
a business "commission."

It now being in order to vote, Post-  
master W. C. Smith arose to ask who  
were qualified to vote in the caucus.  
The Smith interrogation brought on lots  
more talk than there is space to publish.  
The chair thought that only those qual-  
ified to vote in the approaching election  
should participate but the ruling "cut  
no ice" and it was even hinted that  
everybody present "voted early and  
often."

## NEW QUAKE DESTRUCTIVE.

[By United Press.]  
CONSTANTINOPLE, Jan. 21.—The  
earthquakes at Vilayet and Smyrna are  
today believed to be far more serious  
than first reported. Hundreds of houses  
were wrecked. No definite information  
concerning the number killed has been  
received except at Monomom, where 17  
deaths are reported.

## NO FOOTHOLD FOR ORIENTALS.

[By United Press.]  
WASHINGTON, Jan. 21.—That im-  
mediate fortification of San Pedro Har-  
bor, in Southern California, is necessary  
for the welfare of the nation, is the sta-  
tement made in a special report by the  
general staff of the army, which has just  
been made public.  
The report lays special stress upon the  
case that should Japan declare war  
against the United States, and under  
existing conditions how easily she could  
occupy the harbor and use it for a base  
for operations against the rest of the  
Pacific coast and the Panama Canal.  
Japan is not named in the report but is  
referred to as "certain oriental powers  
which recently acquired such great po-  
tential strength that would make it  
practically impossible for the United  
States to regain possession of the coun-  
try after its occupation by another  
power."

## THE PLOTTERS ARE RUN IN.

[By United Press.]  
BUDAPEST, Jan. 1.—Numerous ar-  
rests are being made at Sofia according  
to messages received today, in connec-  
tion with the plot against the life of  
Czar Ferdinand.

### Monkey and Alligator.

An amusing incident occurred Wednes-  
day afternoon on South Beach street  
when a monkey belonging to one of the  
Italian organ grinders now in the city  
became interested in an alligator in a  
box in front of McFadden's store. The  
"gator, which is about two feet long,  
was taken out of the box and the monkey  
cut some curious capers with it but he  
was smart enough to keep clear of the  
head end, always carefully taking hold of  
the saurian's tail.

### Elks' Notice.

1141 will hold its first  
regular meeting in Ma-

regular routine work  
of the lodge will be  
transacted and a prac-  
tice drill by the officers, to enable them  
to properly conduct future candidates

ests of Elksdom. Visiting Elks welcomed.

## TROUBLE MAY BE BREWING.

Relations Between United States  
And Japan Strained Because  
of California Situation.

### UNCLE SAM FORSEES TROUBLE.

[By United Press.]  
WASHINGTON, Jan. 21.—Never be-  
fore have affairs approached so near the  
point of rupture of friendly relations be-  
tween Japan and the United States as  
they have within the past few days.

It is known that President Roosevelt  
foresees gravest consequences if the Cal-  
ifornia Legislature insists upon passing  
the anti-Japanese bills now pending,  
and he most certainly hopes that the  
law-makers will accept the advice of  
Governor Gillette that the bills be killed,  
not only that Japan be given a "square  
deal," in view of the carrying out by  
that Government of its end of the immi-  
gration agreement entered into two  
years ago, but also for the sake of inter-  
national peace.

## HIS MOTHER'S ILLNESS CALLS HIM NORTH.

William Ruger Is Called Suddenly  
To Illinois To Attend His  
Aged Mother.

Last Monday William Ruger received  
a dispatch notifying him that his mother,  
Mrs. Augusta Woodruff, of Rockford,  
Ill., had been prostrated with sudden  
and serious illness.

He took the first train for the north in  
the afternoon. Tuesday a dispatch came  
saying that his mother's illness had ter-  
minated fatally.

Mrs. Woodruff was in her 85th year.  
She has spent several winters in Day-  
tona with her son and his family, and  
was greatly beloved by all who were  
privileged to know her. She was an ac-  
tive worker in the Congregational church  
of Rockford, where she held her mem-  
bership for many years. She was espe-  
cially interested in the success and  
progress of foreign missions. The annual  
Thanksgiving meeting of the society in  
Rockford was always held at her home.  
The interment will be made in Rockford.  
Mr. Ruger's many friends sympathize  
with him and his family in this sudden  
bereavement. It is likely that he may  
be detained several weeks in the north.

## CALIFORNIA STORM-SWEPT.

[By United Press.]  
SACRAMENTO, Jan. 21.—It is feared  
that many lives have been lost in the  
violent storm which has raged all night  
in Sacramento and in the Sacramento  
valleys, and which caused immense  
damage to fruit and to other interests.  
It is impossible to estimate the damage  
that has been wrought by the fierce  
winds as the wires are down.

## CALIFORNIA'S YELLOW PERIL.

[By United Press.]  
SACRAMENTO, Cal., Jan. 21.—Before  
further action is taken by the California  
Legislature on an anti-Japanese bill,  
which so alarmed President Roosevelt,  
a committee of three representing the  
assembly will investigate the conditions  
of Japanese in the State. What the  
assemblymen term "The President's in-  
terference," causes them rapidly to lose  
their tempers, though for the present  
they have acceded to the President's re-  
quest, and no immediate action will be  
taken.

## AN EDITOR RECUPERATING

Frederic W. Lyon, editor and prop-  
rietor of the Greenwich (Conn.) News,  
accompanied by a friend, Paul A. Ray-  
mond, is down for a brief tour of the  
East Coast and to recuperate from the  
effects of a brief set-to with a Connecti-  
cut booze artist. The News' write-up  
of the b. a.'s bacchanalian revelries  
didn't look well in print and the editor  
caught the business end of a bludgeon  
in consequence. They find the Florida  
prohibition atmosphere and genial sun-  
shine just what they need.

## NO AFFRONT TO JAPAN.

[By United Press.]  
SAN FRANCISCO, Cal., Jan. 21.—The  
anti-Japanese bills before the California  
legislature are going to die. No one  
save authorities are pushing them and  
the end will come when consideration of  
the bills is resumed next Wednesday.  
Contrary to reports East, there is no  
sentiment of hostility to President  
Roosevelt for his interference. It is  
generally recognized here that this  
would be a most inauspicious time for the  
enactment of laws that could be con-  
strued by Japan as an affront.

Mrs. L. H. Plumb, of Streator,  
Ill., Mrs. Isabel Plumb, of Chicago,  
and Mrs. L. McConaughy, of Ben-  
zoin, Mich., arrived Wednesday and  
are pleasantly situated in the Guest  
cottage, located on Myrtle ave-  
nue. Mrs. McConaughy says  
that when she left home there was  
nearly two feet of snow on the  
ground, and the springlike weather  
found here is charming and de-  
lightful.

## SAY PACKED JURY FOR COOPERS.

Friends of Senator Carmack An-  
gered Over Developments In  
Big Murder Trial.

### ALL TENNESSEE IS STIRRED.

[By United Press.]

NASHVILLE, Tenn., Jan. 21.—Friends  
of the late Senator E. M. Carmack are  
angered today over what is termed  
"hoodwinking" the State's attorney  
in selecting the jury to try the  
Coopers and former sheriff, John D.  
Sharp. It developed today that the  
first two jurors selected, Burke and  
Leigh, are acknowledged friends of  
Sharp, and both are avowed anti-pro-  
hibitionists. The selection of these two  
men, it is believed, will prevent a ver-  
dict of murder in the first degree.

When court reconvened today the  
State had twelve and the defense sixty-  
eight peremptory challenges left. Judge  
Hart expects a complete jury from 440  
of the original venire of 500 in attend-  
ance.

It is expected that the state will open  
the case not later than Monday.

J. M. Whitworth, one of the wealth-  
iest farmers of Tennessee, prominent in  
fraternal grange circles and an adherent  
of Governor Patterson, was this morn-  
ing accepted as juror number five.

Judge Hart was told that it was re-  
ported that when examination of wit-  
nesses began he would ask for troops to  
guard court house and keep order. He  
declared there was no foundation to  
the report and guessed the sheriff and  
himself could keep order. He further  
said there would be no interference with  
the court.

### Announcement.

I hereby announce my candidacy for  
the office of City Tax Assessor and re-  
spectfully ask the support of the voters  
at the election, February 10th.  
GEO. F. SMITH.

## Factories TO REOPEN.

[By United Press.]  
NEW YORK, Jan. 21.—The Elective  
Committee of the National Hat Manu-  
facturers' Association decide on tomor-  
row as the date for the opening of the  
factories, which were closed by the  
strike, which involved 25,000 men. No  
overtures for peace have been made by  
either side. Manufacturers will open  
with strike-breakers.

## DAYTONA TRUCK AHEAD.

I. M. Cox, Traveling Solicitor For  
Southern Express Company,  
Inspects Farms Here.

### PROSPECTS MOST ENCOURAGING.

I. M. Cox, traveling solicitor for the  
Southern Express Company, was in  
Daytona Wednesday and while here  
made a general canvass of the trucking  
interests, visited most of the farmers  
and became personally acquainted with  
many of the vegetable growers of Day-  
tona and vicinity.

Manager W. F. Holmes, of the Day-  
tona Truck and Fruit Growers' Associa-  
tion devoted the time Mr. Cox spent in  
the city to showing him about, introduc-  
ing him to those interested in the grow-  
ing of crops for market and discussing  
the transportation question.

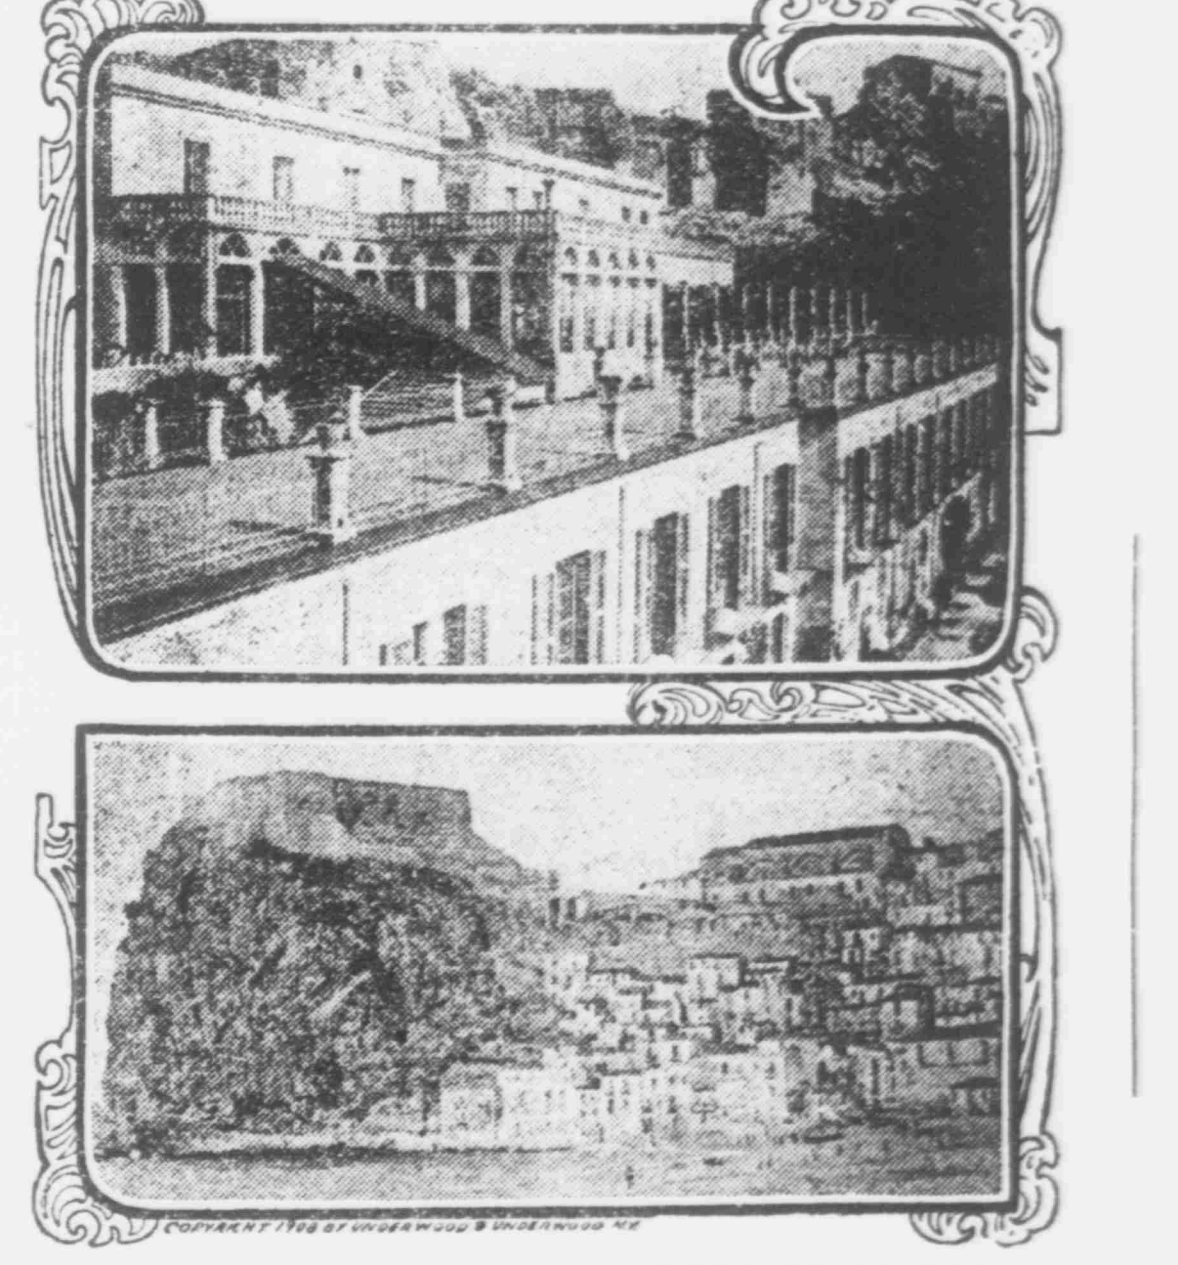

Mr. Cox, whose duties take him to all  
points in the state, has some very en-  
couraging things to say in regard to the  
conditions here. He states that the veg-  
etable crops at Daytona are far in ad-  
vance of any place in the state which he  
has lately visited and are in general  
more thrifty in appearance.

Mr. Cox thinks there is a great future  
before Daytona in the trucking business  
and says he is surprised that the indus-  
try had not been earlier developed. The  
soil here, he says, is incomparably better  
than at some of the noted celery grow-  
ing points, water for irrigation purposes  
can be readily procured at a moderate  
cost, and, with a proper system of drain-  
age, he believes this section would lead  
all parts of the state in the production  
of vegetables.

Mr. Cox stated that the Southern Ex-  
press Company was ready and willing to  
do all possible to further the interests  
of the growers and at any time a car  
could be used a few days' previous no-  
tice to J. G. Wagner, the agent at this  
place, could put a car on the side track  
for them.

## IDENTIFYING THEIR DEAD.

[By United Press.]  
CHICAGO, Jan. 21.—Hundreds of  
men, women and children are crowded  
about thirty gunnysacks containing all  
that is left of the bodies of the human  
victims of the crib fire yesterday, and  
are vainly trying to find something by  
which they can identify the heaps of  
charred flesh and bones. Coroner Hoff-  
man says there may be one or two more  
bodies in the fire ruins and at least ten  
are in the bottom of the lake.

SCENE IN TAORMINA AND ROCK OF SCYLLA.

The famous rock of Scylla, marking the entrance to the strait of Messina,  
is in the heart of the earthquake zone of southern Italy. It was first reported  
that this historic promontory, which ancient navigators feared when travers-  
ing the whirlpool of Charybdis, had crumbled and fallen into the sea. Taor-  
mina, where so many ancient ruins stand, was only slightly shaken by the  
catastrophe.

west half of the Clarendon apart-

from the interior yesterday, and will try  
the East Coast as a health specific. Mr.  
Gaston has been in the State several

The town is filling up quite rapidly  
now. The best cottages and rooms are

well filled with Northern tourists.

Mr. High is having some grading  
done on his lot just purchased from J. G.

Doings  
at Daytona  
Beach

DAYTONA BEACH, Jan. 21.—Bullie  
Davis, of Connecticut, is a guest at The  
Pinehurst.

Jack Silverstein spent several days at  
Port Orange this week.

Harry Morris was over from Deland  
in a new Buick yesterday.

Mr. and Mrs. E. H. Topping, of Bat-  
tle Creek, Mich., arrived from the North  
yesterday and are guests at The Pine-  
hurst.

The Young Ladies' Club were guests  
at the river front home of Mrs. Fanning  
Friday evening, and Miss Fanning was  
the hostess of the evening. The usual  
program of work and play was observed.  
Fudge, lemonade and cake were served.  
Mrs. Thomas Keating and daughter,  
Miss Grace, went to Jacksonville today,  
and will be at the Windsor for several  
days. From Jacksonville they will visit  
St. Augustine, where Mrs. Keating will  
consult with Dr. Worley.

Mrs. Maude Starr entertained at a  
dinner very delightfully the following  
guests: Dr. and Mrs. Esch, Mesdames  
Rose, Sims and O'Neill, in compliment to  
her guest Mrs. June, of Palm Beach.

Mr. and Mrs. G. W. North, prominent  
people of Columbia, Ind., are here for  
the winter located at the home of Mrs.  
Foster on Peninsula Drive. Mr. North  
is a devoted fisherman, and expects to  
make a record this winter.

Miss Irene Hand, of Nakomis, Ill., ar-  
rived this week and is pleasantly lo-  
cated with Mr. and Mrs. Hibbard. Miss  
Hand has spent several winters at  
Daytona Beach.

The initial meeting of a new literary  
club was held at the home of Miss  
Mabel Wakefield, on Peninsula Drive,  
Tuesday evening. After the organiza-  
tion was perfected, Miss M. A. Brown,  
of Daytona, was elected instructor.

The Epworth League Prayer Meeting  
will be held tonight at the home of Mr.  
and Mrs. Vandevor.

Rolla H. Keating is over from Ocala  
spending a short time at the Daytona  
Beach Hotel.

More than one explorer in cold cli-  
mates has noted the curious phenom-  
enon of a "snowball shower." The balls,  
it is true, are not very big; the average  
being about the size of a hen's  
egg, but they are true snowballs for  
all that—compressed globes of snow,  
not little lumps of ice or hail. A fall  
of the kind occurred in north London  
in March, 1850, and at the time it was  
observed that the balls seemed five  
times as dense and compressed as ordi-  
nary snow and in no way to be told  
from the usual handmade missiles.  
They had fallen during the night and  
were strewn many layers thick over  
a very large area. No cause—except a  
doubtful electrical one—can be as-  
cribed for the strange phenomenon,  
and mountaineers are apt to discredit  
the stories of snowball showers told  
them by the old guides till suddenly in  
the midst of an ordinary storm they  
find themselves assailed as though by  
myriads of mischievous schoolboys.—

 One of Daytona's crowning glories is  
 her incomparable beach. No one who  
 ever set foot upon its smooth, packed  
 sands; no one who ever pedaled a bi-  
 cycle over its expanse; no one who ever  
 drove a prancing pair of horses and listened  
 to the popping of their steel shoes  
 upon its asphaltum-like face; no one  
 who ever steered a high-power automob-

 wonder. Go stand upon this wide

 this is not one of the seven modern  
 wonders.

 Ridgewood avenue is upon the crest of  
 a broad ridge, straight as the crow flies,  
 and the wide-spreading branches of the  
 heavy-trunked live-oaks extend their  
 giant arms across this magnificent vista,  
 forming an arch, and from these extend-  
 ed arms great festoons of Spanish moss  
 sway as the trade winds from tropic seas  
 fan them. Looking straight ahead down  
 this white shell street one has the im-  
 pression of a fairy path with elfish dra-  
 peries, but as you move along and cast  
 an eye first to the right and then to the  
 left you see distinguished cottage homes  
 in the most delightful settings.
